Can Basil Rathbone
Escape Playing Villains?

By
Maude Cheatham

Very politely but very definitely, Basil Rathbone is refusing to continue being a "Screen Menace." Already, he has turned down several roles that meant following this sinister route. Coming to pictures from an exceptionally brilliant career in the theatre, in such romantic characters as Romeo, Robert Browning, Peter Ibbetson, and other magnetic roles, his career took an amazing turn. Perhaps the camera over-emphasized his glowing dark eyes and his intensity, for he was immediately cast as Murdstone, the cruel step-father in "David Copperfield." Then, because he is a fine actor, Rathbone imbued the character with bitter realism. This threatened to make movie audiences confuse the player with the role, especially as his villainies continued with unsympathetic parts in Greta Garbo's "Anna Karenina," "The Tale of Two Cities," "Captain Blood," and other pictures.

"I had hoped," said Basil, "to escape being typed, which is the bane of every screen player, and I certainly don't want to make my fans hate me. When you undertake to create a characterization you tie it in with a definite mood and your very success may be your undoing.

"Several years ago I came to pictures after appearing as the gay and amorous military attaché in the stage play, 'The Command to Love,' and producers could see me only in bedroom farces and frothy comedies. I was heartbroken, so went back to the theatre, where I created a number of interesting roles in London and New York. Then, when I returned to Hollywood, four years later, behold— I am a menace, a villain!"

"I wouldn't mind occasionally playing a heavy, if this means a character whose wickedness can be justified because he is consistent in following his own line of reasoning. We can all understand Iago's motives in 'Othello,' even though we loathe him, because he appeals to the intellect. But the way, Iago is the only heavy I ever portrayed on the stage and it became a great experience. Of course, Dickens' characters are caricatures or symbolisms. For instance, the French aristocrat I played in 'The Tale of Two Cities' was not an individual, instead, he represented the whole class of people who brought about the revolution; he motivated the whole stirring drama of events, so that raised him above the usual type of villain.

"Off the screen, as well as on, Basil Rathbone is an exciting personality. He is very definitely the romantic figure—handsome, tall, lithe, and always he suggests leashed emotions that pique the imagination. We talked, sitting on the shady terrace of his house close to the Hollywood hills, while we watched his five dogs racing over the velvet lawns.

"I had caught him between leaps, as it were, for yesterday he had finished the picture, "Private Number," at 20th Century-Fox studio. This morning he had made the final scene in Metro-Goldwyn-Mayer's "Romeo and Juliet," and tonight he was leaving for location near Yuma, where the Selznick International studio has erected Algerian towns and colorful scenes for their new color film, "The Garden of Allah." Tomorrow Basil was to become Count Anteoni, in the terrific drama of this romance in the desert—with the temperature hovering around 120 degrees.

"Born in Johannesburg, South Africa, he was taken back to England to be educated. His passionate love for music asserted itself and he spent all his spare time hovering over the piano until his father, a practical London civil engineer, became alarmed lest his son do the unthinkable thing of becoming a professional musician. So the boy was dragged to his uncle's insurance office and told to learn the business.

"He stood it as long as he could, then ran away and joined the Benson Players, where he spent five wonderful years becoming steeped in Shakespearean drama. He mastered fifty-four roles, learned how to wear the picturesque costumes, and how to toss his velvet drapery at the right angle. He became an expert in the etiquette of that period, the use of the snuff box, how to handle a sword. By the way, Rathbone had no double for his many fencing scenes in "Romeo and Juliet," doing them himself and with utmost skill.

"At eighteen he was swept to the French front by the World War. He was wounded several times, decorated twice, and when it was all over he returned to London, and the theatre. It was Constance Collier who gave him his real chance; she chose him to create the title role in "Peter Ibbetson" for the London stage production; then he invaded New York and won new honors which carried him to instant fame. Other starring roles followed in "The Jest," "Death Takes a Holiday," "He Who Gets Slapped.

"I've been in the theatre too long to ever give it up," he said, "but it holds little opportunity at the moment and in the meantime I'm becoming more and more interested in pictures. Now, with dialogue, the whole world of literature is waiting to be filmed. I should love to do 'Cyrano de Bergerac,' and a story of Caesar Borgia; both would be colorful drama.

"Everybody associated with the screen is so terrifically ambitious, and God how hard they all work. Life in Hollywood is detached from the remainder of the world, with everyone living, thinking, talking pictures. Some may criticize this complete absorption but I consider it a good thing, for no actor who really loves his work can ever get away from it, he is steeped in it.

"In the theatre," Basil continued, "a player must depend upon himself and from the time the curtain goes up he sustains a continuity of emotion that ends only when his final climax is reached and the curtain goes down. This very

Her Tennis Stroke is Correctly Timed

too bad her laxative wasn't!

HER swing is a marvel of precision and timing... What a pity she didn't know that correct timing is vital in a laxative, too!

You see, when you take a laxative into your system, you can't afford to take chances. Look out for harsh, over-acting cathartics that might upset you, nauseate you, cause stomach pains, leave you weak and dragged down. Such laxatives abuse you internally. Their after-effects are unpleasant, sometimes dangerous.

DEMAND CORRECT TIMING

Just what is meant by correct timing in a laxative? Simply this: a correctly timed laxative takes from 6 to 8 hours to be effective. Its action is gentle and gradual—a-d-a-a-l, yet completely thorough.

Ex-Lax is just such a laxative. It won't throw your system out of rhythm. No stomach pains, no nausea. No unpleasant after-effects of any sort. Ex-Lax works so naturally that, except for the relief you enjoy, you scarcely realize you have taken a laxative.

PLEASANT TO TAKE

Ex-Lax is not only kind to your system—it's kind to your taste, too. Its flavor is just like smooth, delicious chocolate. All druggists sell Ex-Lax in economical 10c and 25¢ sizes. Get a box today!

independence brings him a delicious, almost a delirious sense of elation. Now in a picture, and he threw me a gay smile, "even if you are a star, you are only one of many cogs in the great wheel that is turning out a product. You sustain an emotional load, and not a few. It is a live and the whole fact you secure on the screen is never independently your own for it is built up through the aid of mechanics, such as photography, lighting, sound. There is little personal satisfaction for the player because he never sees the finished results of his work and it is a trite depressing to be—just a cog!"

After a pause, he went on, "I wish I had been born thirty years earlier. The war's disillusionment made people intensely practical and the stage is no longer vitally concerned with ability. Life's tempo is completely changed and it is personality, a salable quality, that the entertainment world demands."

"I once asked Forbes-Robertson if there were as many outstanding figures on the stage now as in the former generation and he replied that there were many more. And because there are so many really fine actors today, one must possess unusual ability and a stirring personality in order to stand out from the surrounding cast of capable players. I never see a motion picture without thinking of this, for even the smallest parts are portrayed with amazing skill."

With the fire of enthusiasm, Basil continued, "If the major studios would each produce one picture a year without regard to its commercial value, only its artistic value, and would soon raise the standard to a very high level. It seems such a little tribute to pay this great industry that has brought fame and wealth to me and all of us."

Tests made with the color camera promise much for, they definitely emphasize his good looks and his romantic qualities. So, perhaps, Basil will finally take his rightful place as an intriguing figure in screen romances.
